Yes, although not as much as our guild leader

Is Emella scared of heights?

You art users just use your formless arts to slow down your speed just before landing so ofcourse it's not a problem for you...!

AHHHH!!!

It's dangerous.

Watch your steps or you might slip and fall

Dangerous~!

Nooooo! This is too high!

ヒィィィィ…

賢者の弟子を名乗る賢者

She professed herself pupil of the wise man.

NOOO!

Wha.... looks like it will collapse

Haha, this is certainly very high, it finally feels like we are clearing the dungeon with the tension and all

I don't need this kind of tension!

The words Emella uses start with Z and F, Flicker uses it for a pun on Zeff's name, but it doesn't translate well

Can't tell if they're carefree or not

Precisely because it's Zeff

Nothing is collapsing!!! I will never forgive you Zeff! Never!!!

I'll definitely make a punching bag out of you!!!

A majestic scenery
that looks
nothing like
a basement

Ze fu Gi Vu (rhymes i guess)

Zeff is giving up
Rhyming...
Ahhhh! I give up!!!!
Did you think you would stand a chance against me in close combat once we arrived at the basement?

I'll be back before you know it. Be good kids and wait for me

まだ戦えますよ ゼッ!!

ギッ ギッ ギッ

ギブだつの!!

I see, it can't be helped if it's secret business

Yea So I'll leave Tact in your care

I'm here by the king's orders to meet one of the nine wisemen so this is as far as I can take you.....

Wawawaaaa!!

ぐるん

ぐるん

Take care!

I hope she finds what she is looking for

I don't think there is anyone in there so maybe she is searching for something

I wonder what her secret business is.....

Found it..

I've reached my limit, I've been wanting to go to the toilet since before we arrived here

It took a while because I had people with me but looks like i made it in time

But I guess it's better than nothing

I can't calm down with toilets this huge

f.....

Now then time to begin

Wizardry skill
Biometric Sensing

The big one must be Azval exploring 1st floor

The others are still near the entrance

Like good kids

I can only sense the five people below

ﾌﾌﾌ…

ﾌﾌﾌ…

He's an undead girl professor that loves undead girls there wouldn't a lot of life signs near him to begin with. Any faint sign is enough

ピッ

ピコン

Since the golems at the front gate didn't activate it means someone's been here

I guess I'll try sensing any small signs at the top floor in search for SoulHowl

Since it's a secret mission I can't just shout his name incase the others downstairs hear it

Hmmm?

I'm sensing something..!

Hellupo!!s GF

Upstairs

AAAA

カｯ…

A throne?

And many chairs...

すたすたすた

What's going on here...

So many maids corpses..!

Wha.....!

Tl: Rinne = endless cycle of rebirth

I used to joke with my friends about gentlemen being an endangered species but I guess they are already extinct
This exceeds what's expected from that perveted "rinne-man" He must've evolved into an even bigger pervert

Indeed this kind of thing would have been impossible back in the real world that we used to live in.....

haha

Is this the world that you wanted to create SoulHowl?

Are you also enjoying this world?

The signal is from this one

But...

ﾊﾝﾊﾝ…

ｸﾝｸﾝ

ｸﾝｸﾝ

ｸﾝｸﾝ

SOULHOWL!!!!

SoulHowl..
What are
you doing to
a living person

She's
frozen
alive..?!

Are you here?!

SoulHowl!!

Is this a lab?

ガチャ

Is there something even someone of his calibre can't attain? what could he possibly be trying to heal...

Why would someone who is obsessed with death ...

These are all about recovery magic and items

カサッ

That he is out to accomplish something

If he's not here in his ideal location then that means....

What are you trying to accomplish SoulHowl....

A rare item said to cure any status abnormalities and even death. Healing any wounds and offering absolute protection

An item that was listed in the data but not yet implemented. The ultimate recovery item Chalice of divine light

Could he be searching for the Holy Chalice of Divine Light?

The only clue would be

Hhh...

Legendary recovery item..... a woman frozen on the throne...

Ah....

Hmm.. I can't find any abnormalities other than her low body temperature

Excuse me

In the past there was an event that was called "The shadow of the black wings"

In that event we had to save a knight who received that seal, but in conclusion we couldn't save the knight and so he died.

Since the seal was an event-only status abnormality it was impossible for players to remove it by normal means

This seal is the devil's blessing..

RPGの主役と言えば裏を調べるのはおやくそくじゃ

If I recall correctly necromancy had a skill that puts someone in the state of suspended animation... this must be it...

All this for a living woman. I guess he changed a little bit

I guess he did it to slow down the effects of the seal while he searches for a cure..

Are you trying to cure this woman, SoulHowl?

Hmm?

I can't go back to Solomon without results, so I'll gather all this data that SoulHowl has been collecting and show it to Solomon and Joachim so they can devise a plan for what we should do next...

There is no common ground between me and SoulHowl when it comes to fetishes, but when it comes to clothes, I think we have a bit in common

Not bad.. Not bad but.....

This just amplifies my cuteness

And I can't just wear this without pants

Can't be helped.. Size is important

Ah Welcome back

Mira!!!!!!!!!

How many maids did you gather.. SoulHowl...

It's alright they are harmless

びっくりしたぁあ

A lot alot a lot alot alot of dead maids maids maids a lot!!!!

Show some restraint....

I guess that scenery was too much for you guys even though you were fearless against the ghouls....

Again this Flicker girl and her puns...

something about the sound that mira makes gu, gu and ghouls

Eh?

What's that supposed to mean

You managed to make her say it this time Flicker

Nice one Ghoul and gu!

Might as well get something to eat....

To be continued
